

Parking facilities for motorhomes and minibuses

Parking facilities for heavy motorised vehicles in zone "Z"

Heavy motor vehicles (from 3.5 tonnes) and heavy passenger vehicles (caravans) may not be parked in car parking spaces. Vehicles weighing 3.5 tonnes or more may be parked in car parks where no length limit is marked. Such car parks are mainly located in the "Z" parking zone.

Parking is permitted in **zone "Z"** as follows:

- From 8.00 a.m. to 6.00 p.m., according to signalling, with the parking disc, the maximum parking time may vary depending on the location
- From 6 p.m. to 8 a.m., according to signalling, without parking disc
- As a rule, no parking spaces are marked in the "Z" zone - only parking angles (e.g. Kreuzbuchstrasse) so that longer vehicles can also be parked properly
- It is generally permitted to park a heavy motor vehicle (with a parking disc) unless it is prohibited by a symbol on an additional sign
- The overnight stay should take place in the proper camping facilities
- Parking permits are not available for heavy motorised vehicles and motorhomes

An overview of the parking zones in the city of Lucerne can be found under the following link: [Link Parking zones](#) -> Zone Z is marked in yellow (in the navigation on the left side set filter -> Geodaten -> Mit dem Auto unterwegs -> Parkkartenzone -> Zone Z)
