Swiss Alpine chic meets Asian zen

The design of The Chedi Andermatt is a blend of traditional alpine architecture and contemporary stylistic elements sourced from Asia. 105 rooms and suites, two premier restaurants and other culinary amenities ensure memorable moments. A particular highlight is the 2,400 m² The Spa, which features a 35-metre indoor pool surmounted by a glass roof through which the alpine backdrop may be admired. Guests staying here in the winter months receive the attentions of a Ski Butler devoted to providing the requisite ski equipment and a five-minute shuttle service between the hotel and the aerial cableway terminus. In the summer months, a Sports Butler organises the green fees for the golf course (just five minutes’ distance) or hiking excursions and cycle tours in the Alps.
The Lucerne-Lake Lucerne Region is the cradle of Switzerland. This is a place where ancient traditions are still cherished: the traditional carnival and other customs, age-old craftsmanship, remote hay-making and numerous examples of transhumance are just some of the many widespread traditions in the region. The urban centre of Lucerne is a fascinating contrast of the traditional and the modern: stroll through the pedestrianised streets and alleys of the well-maintained medieval Old Town, admire famous centuries-old attractions such as the Chapel Bridge and Water Tower, and submerge yourself in pure listening pleasure at the avant-garde KKL Luzern Culture and Convention Centre, an extravagant work by the Parisian architect Jean Nouvel.

WHERE TRADITION MEETS MODERNITY
Lucerne offers a fantastic blend of centuries-old sights and contemporary living

Your chosen hotel is also representative of contemporary Lucerne, living history and thrilling contrasts between traditional values and a modern lifestyle. Seek inspiration from the works of renowned architects and designers and choose the style that suits you best. On offer is a blend of far-eastern tradition and local natural materials, suites featuring the latest in technical equipment, first-class comfort behind heritage-protected facades, classic Empire-style furnishings, and much more. Or how about rooms featuring anecdotes about famous people who have occupied them in the past 150 years?
Culinary offerings contribute a great deal to the success of your holiday: the Lucerne-Lake Lucerne Region is noted for the variety of its gastronomy. Savour legendary first-class cuisine in your hotel or in the region’s numerous other restaurants. You’ll find traditional Swiss specialities alongside imaginatively presented gourmet fare from around the world. Whatever the establishment – cosy mountain guest house or chic restaurant – Lucerne’s creative and award-winning chefs demonstrate a deep passion for their craft. And let yourself be tempted by this fertile region’s cheeses, breadmaking, vegetables, fruit, fish and eau-de-vie. The essence of nature on a plate, as it were.

If you like your hotel too much to leave it, the top-ranking establishments presented here offer an endless array of gastronomic delights recognised by countless awards. Your hotel will be delighted to reserve a table for you and spoil you with its exquisite cuisine.
Relaxing and feeling good can be so simple. All you need is an oasis, an island far removed from the hustle and bustle of everyday life. A source of inspiration for all the senses. As it is, you start to unwind the moment you witness the magic of the enchanting lakes, magnificent mountains and the street life of the Lucerne-Lake Lucerne region. The heart of Switzerland is a mini-paradise. All you need do is take the plunge, experience nature and enjoy the variety on offer.

Weggis Wtonau Rigi – the oasis of wellbeing and a certified wellness destination – and the Rigi-Kaltbad Mineral Bath & Spa designed by Mario Botta are on hand to help you kick back and relax. The seven Luxury Hideaway hotels offer exquisite and tailored services as well as state-of-the-art amenities in the realms of classic and medical wellness. But that’s not all: the health-giving properties of our lake and mountain air, the array of summer and winter sporting opportunities, the outdoor Kneipp hydrotherapy facilities, the moderate climate and the superb quality of our local specialities will soon bring a glow to your cheeks and a smile to your spirit.
With its extensive range of museums, theatres and festivals, Lucerne ranks high when it comes to culture. It’s also Switzerland’s favourite festival town. Lucerne is home to a whole host of cultural and musical events. Lucerne’s passion for music enjoys a long tradition on scenic Lake Lucerne. It’s where world-famous musicians, conductors and orchestras meet. Jean Nouvel’s concert hall in the KKL Lucern, as famous for its phenomenal acoustics as for its exceptional architecture, is popular with audiences. The Lucerne Festivals – at Easter, in Summer and at the Piano – attract some 120,000 visitors annually. Plenty more come for other high-calibre musical events, including the Lucerne Blues Festival, the Blue Balls Festival and the World Band Festival. Brass band music, jazz, comic art, dance and theatre round out the cultural offering.

Lucerne is also a great place to shop. It may be small but it’s perfectly formed – and hugely enjoyable thanks to the relaxed atmosphere, the concentration of stores and boutiques in the pedestrianised Old Town and the many cafés and restaurants. The charming Old Town offers a great mixture of high quality shopping: typical Swiss products such as chocolate and local delicacies, exclusive watches from prestigious Swiss and other premium brands, fine jewellery and fashion. There’s also the fascination of open-air shopping in Lucerne: the weekly street markets are brimming with food, plants and handcrafted items.
